Chuck Salvo
Pastor, On Fire Christian Church

- 1) On Fire Christian Church is fully committed to complying with the CDC's guidelines in all that we do.
- 2) As we have always done, it is vitally important that we continue to comply with the CDC's guidelines for our drive-in services. We do a great job of this, and we will continue to do a great job of it.
- 3) In order to ensure the safety and well-being of everyone here:
 - cars must stay parked at least six feet apart;
 - everyone must remain in your car for the entire service;
 - car windows must be at least half-way up / half-way closed for the entire service.
- 3) Other than our security personnel, the only people not restricted to a car will be me and our videographer, and both of us will remain a very safe distance from your cars.
- 4) In all things we all must and will err on the side of caution to prevent potential contact and to ensure the transmission of illness is not facilitated by the service.
- 5) Our civil leaders are dealing with a tremendously difficult situation, and we pray for them and applaud their work to help protect everyone during this

pandemic. The Church will continue to comply with the CDC guidelines and work with our local government to keep everyone safe and well.
