On Sunday August 2, 2020 at approximately 1055 hours I, Officer Darian J Dasko, along with Officer Moen were on routine patrol eastbound E Iliff Ave at S Chambers Rd located in the City of Aurora, County of Arapahoe, State of Colorado.

While on patrol, I observed a BOSS hit on a stolen vehicle hit the system at the intersection of E Iliff Ave and S Chambers Rd. I had recognized the hit as I had seen it several times in the month of July. The hit was on a blue Dodge Journey which was bearing Colorado license plate [REDACTED]. I was able to keep the photograph of the hit up to confirm the plate and see that the vehicle was indeed a blue Dodge.

I was familiar with this vehicle since it has hit the BOSS system at the intersection of E Iliff Ave and S Chambers Rd a few times in the month of July always westbound in either lane 2 or lane 3.

I proceeded to check the area of E Iliff Ave and S Chambers Rd particularly the parking lot located on the north side of E Iliff Ave which belonged to Mc Donald's and Arc Thrift store.

While searching through the parking lot, Officer Moen observed the vehicle parking in the above said parking lot facing westbound. I slowly drove eastbound through the parking lot where Officer Moen was able to see the license plate on the vehicle was indeed [REDACTED].

At this time I maneuvered my vehicle around and aired to Aurora Communications Center that I had located the stolen vehicle from the BOSS hit, and our location. I exited my patrol vehicle with my duty weapon out. At this time I was only able to see the driver in the front seat and front seat passenger. I hand gestured for the driver to roll the window down so she could clearly hear my orders which the driver complied. I advised Officer Moen to began giving orders to the front seat passenger to exit the vehicle. Officer Moen did such and the passenger exited the vehicle and was ordered into the prone position. At this time I observed movement inside the vehicle coming from the back seat which now I knew we had more occupants. Officer Moen began giving further orders to the back seat passenger to exit the vehicle which they did. The passenger was a juvenile female which was ordered into the prone position.

**GENERAL OFFENSE HARDCOPY  
(SUSP ACTIVITY-TRAFFIC)**

As we believed all passengers inside the vehicle were out, a young juvenile with a child approximately [REDACTED] exited from the vehicle. The juvenile was told to have a seat next to the parties prone out. I was able to look towards the direction of Officer Moen and observed Officer Mason and Officer Drexel with their duty weapons out not pointing at the juvenile or child, but did they them in the low ready position.

I observed the driver of the vehicle did put both of her hands inside the vehicle reaching around. I gave orders to the driver to show me her hands which she quickly obeyed.

At no time did any Officer on scene run up to the juvenile female or child and point their duty weapon in their face nor where they put in hand-cuffs.

Believing we now had all passengers out of the vehicle I proceeded on ordering the female driver out of the vehicle. The driver was verbally aggressive yelling and cussing. As the driver was exiting the vehicle, she stated "the vehicle was reported stolen long ago." The driver was ordered into the prone position which she complied. I proceeded to go hands on with the female party who was later identified as Brittany Gilliam (DOB: [REDACTED]). Gilliam began screaming and yelling more which made the younger child cry.

I aired the plate to Aurora Communications Center again which was CNK-737. Aurora Communications Center aired that yes the vehicle was stolen. Shortly after they aired again stating the stolen vehicle was a yellow motorcycle with the same license plate [REDACTED]. I knew at this time we had the wrong vehicle and it was a misread. Knowing this information, all parties which were detained were released from hand-cuffs.

Due to a hostile crowd closing in recording Officers screaming and yelling obscenities a request for more Officers was made and supervisors to respond. There were police agitators on scene who were trying to make their way through Officers to get to the parties we were in contact with.

As I was releasing Gilliam from hand-cuffs, I tried to explain our mistake. Gilliam was very hostile towards Officers and stated she wanted to check on her kids which I allowed her to do without hesitation.

Supervisors began to arrive on scene and speak to every involved.

Using PIMS I was able to see that the vehicle was reported stolen February 2nd of 2020. I did find a supplemental report where the vehicle was recovered on February 5th.

I did approach the juveniles who were removed from the vehicle and apologize for the mistake that was made. I also spoke with Ronald Gilliam (DOB: [REDACTED]) who is Brittany Gilliam's father. I advised Ronald I was the first initial Officer to make the stop and also apologized for the mishap. I issued Ronald my business card with the case number for this incident.

NON CRIMINAL

## GENERAL OFFENSE HARDCOPY (SUSP ACTIVITY-TRAFFIC)

A business card was also given to Brittany with Officer Moen's attached since she does not have any issued to her yet.

I remained on scene as security while supervisors and command staff spoke with all parties involved.

An email was sent to Aurora Police Electronic Support Services to take the vehicle out of the system since it is a misread.

This report is for documentation purposes only. All involved parties were allowed to leave the area not charges pending.

Body worn camera was activated this entire call.

Nothing Further.

At approximately 1055 hours on 8-2-20, I, Ofc. K. Mason 313603, responded to assist Ofc. Dasko and Ofc. Moen on a stolen vehicle stop at 16801 E Iliff Ave, City of Aurora, County of Arapahoe, State of Colorado.

Prior to my arrival, Ofc. Dasko advised they had four at gunpoint. When I arrived, I was on the passenger side of the vehicle behind Dasko's unit. I was with Ofc. Moen as the passengers individually exited the vehicle and lay face down on the pavement. Ofc. Moen and I had our firearms out and at the low ready. There were 3 females and 1 small child on the passenger side.

Ofc. Moen began restraining the passengers. My mask loop had broken so I maintained cover and distance. Other officers were arriving on scene. A group of irrational people began yelling at us and recording. At some point, an officer advised that the stolen vehicle record was on the same tag from a different state, I believe. I could not hear the radio traffic or much of our face-to-face communication due to the antics of uninvolved parties.

I had to tell one irrational white female several times to step back and record from a distance. By the time we were informed the stolen hit was in error, two female passengers were handcuffed. Officers then removed handcuffs from the subjects.

Supervisors arrived on scene and spoke to the involved parties. I gave my business card to Sgt. Wells. I avoided further communication with the parties. My body camera was activated.

WELLS 26212

On 8/2/2020 at approx 1055 hrs, I heard Ofc Dasko air that he was behind a vehicle that had tripped the Fonix. at E Iliff Ave. and S. Buckley Rd. WB, as a stolen car. The vehicle stopped in the ARC Store parking lot located at 16801 E Iliff Ave.

I heard Ofc Dasko and his FTO recruit Ofc Moen re-air the plate [REDACTED] and asked dispatch if the plate was stolen or the vehicle. Dispatch responded "the vehicle". Additional units were dispatched as Ofc Dasko called out a high risk stop.

I was already enroute to the call based on aired communication that a crowd of people was forming and that uninvolved parties were yelling and filming officers.

Ofc Drexel aired for a supervisor

While enroute I spoke to Ofc Dasko by phone who said that the plate had hit the Fonix several times over the past weeks, but that the car would turn off before officers could track it down. Ofc Dasko then informed me that dispatch had informed him after the high risk stop that the plate was coming back to a stolen MC out of Montana. This SGT couldn't comprehend how the vehicle could be clear but clearly showing as a STOLEN FONIX HIT. Dasko said he tried to explain the situation to the driver but that she wanted a supervisor.

\*\* It should be noted that while I was speaking to Ofc Dasko I could hear numerous parties yelling and screaming in the back ground. Based on this I asked for the help of CR23 and two additional cars from D2 to assist.

Upon my arrival I observed numerous parties near the scene, yelling at officers and stating they were recording on Facebook Live. The parties were making anti-police statements and yelling about "babies being handcuffed and guns pointed at them".

As I approached the scene SGT Lopez was trying to speak to the adult driver of the vehicle later identified as : Brittany Guilliam.

## GENERAL OFFENSE HARDCOPY (SUSP ACTIVITY-TRAFFIC)

Follow Up Report # 2

Gilliam would yell and talk over SGT Lopez and would not allow him to speak. I too encountered this with several of the people on scene. Every reasonable effort was made to calm the situation and mitigate the interference from the antagonists.

Guilliam wanted a Watch Commander even after we tried to explain that the car had been listed as stolen a month earlier, had been tripping police data bases as stolen, and did so again on this date.

Lt Tollakson arrived and spoke to Guilliam away from the crowd.

SGT Lopez was able to extract the hit from the BOSS system. I took a photo of the hit from the MDC. This photo evidence was shown to the involved parties to no avail.

Officers continued to be verbally disparaged by the crowd. Lt Tollakson advised we could clear at approx 1205 hours.

Please see Foxix hit photo in digital acquire  
Please see this SGT's BWC footage

This report is a summary of my actions at this event please see BWC footage for a verbatim account.

On 08/02/20, I was assigned as a Sgt to Dist 2 Patrol. At approximately 1050 hrs, I was contacted by D3 Sgt Dave Wells who asked me if I could respond to 16801 E. Iliff Ave where D3 officers had conducted a High Risk Traffic Stop on a suspected stolen vehicle.

When I arrived on scene, I observed several parties shouting at the officers already on scene and pointing their cell phones at the officers. I then contacted Officer Dasco and asked him what had happened.

He advised me that he and he and his recruit stopped a vehicle that had tripped the FONIX system as a stolen vehicle several times this morning. The his included a photo of CO license plate [REDACTED]. They located the vehicle and conducted a high risk stop.

Immediately after the occupants were ordered out and placed into handcuffs, dispatch notified them that the plate listed in the hit, listed to a motorcycle.

The occupants were immediately removed from the handcuffs at which time he requested a supervisor.

He directed me to the driver of the stopped vehicle. She identified herself as Brittney Guillian [REDACTED]. As I approached her, she looked at me and stated "you're a Sergeant", and began shouting at me, informing me that the officers pointed guns at her and her children, saying she was in a stolen car.

I attempted to explain the circumstances to her several times however she continued to interrupt me, not allowing me to give her an explanation.

I then requested for the WC to respond.

Moments later, a gentleman arrived on scene who was appeared to be cooperative and was listening to what was being explained. I asked him who he was, he advised that he was Brittney's father, (officers on scene gathered his information prior to my contact. I explained the situation to him and showed him the actual FONIX hit on my computer, explaining to him how the mistake was made.

Document NARRATIVE/REMARKS

Author 318062 - MOEN, MADISEN

Subject MOEN SUPPLEMENTAL

Related Date/Time AUG-02-2020 (SUN.) 1055

On Sunday August 2, 2020 at approximately 1055, while on routine patrol with my FTO Officer Dasko, a vehicle crossed the BOSS system at E. Iliff and S. Buckley Rd that was flagged as a stolen vehicle.

The vehicle photographed was a blue Dodge Journey with Colorado license plate CNK-737, headed westbound in lane 3.

I was going eastbound on E. Iliff Ave and upon reaching S. Buckley Rd. decided to turn into the parking lot of the ARC thrift store on the northwest corner (16801 E. Iliff Ave.). While in the parking lot I observed the vehicle parked in the center ARC thrift store parking lot.

Upon sight of the vehicle, I confirmed the license plate (██████) and Officer Dasko notified dispatch we were with the vehicle which had 3 occupants.

We proceeded to pull up behind the parked vehicle and initiate a high risk vehicle stop, at which time I un-holstered my duty weapon, gun pointing the passenger side of the vehicle.

I ordered the passengers to put their hands outside of the window. I then ordered the front passenger to exit the vehicle and proceeded put her into the prone position next to the vehicle. Next, I ordered the rear passenger to exit the vehicle whom I placed in the prone position next to the other passenger.

After having what I believed to be the only 2 occupants on the passenger side exit the vehicle, a female and a child exited from the rear passenger side of the vehicle. I had the female with the child lay on the ground next to the 2 proned occupants.

At no time was the female or young child held at gun point or placed into hand-cuffs.

At this time, a large crowd with cameras started yelling and circling the scene.

## GENERAL OFFENSE HARDCOPY (SUSP ACTIVITY-TRAFFIC)

Follow Up Report # 4

After all occupants were under control, I placed two females into handcuffs. The female with the child was told to remain with the child and stay where she was.

The driver, on the driver side began to scream and yell to the occupants on the passenger side making them visually upset. The passengers began to scream and cry.

The passengers were all sat up and asked if they needed medical attention, to which they declined.

Shortly after, dispatch advised that the license plate was a misread and the license plate number belonged to a yellow motorcycle. At which time the 2 passengers were immediately removed from handcuffs.

I remained on scene for security until a supervisor arrived.

Body camera worn and utilized.

On 08-02-2020, I Officer S Garcia 306805, responded to 16801 E Iliff Ave., City of Aurora, County of Arapahoe and State of Colorado. There were other Officer's who were on scene requesting more patrol officer's to the scene. Officer Kwon aired there were a lot of people on scene recording. Officer Ajan aired there were 15-20 people on scene antagonizing officers.

Upon arrival, I activated my APD issued BWC. There were multiple officer's on scene along with bystanders, some who were using cell phones to record. A short time on scene, Sgt Lopez advised me to move my patrol car and stay in the area in case I am needed. I waited west of the parking lot, out of sight until officers were leaving the scene.

This concludes my involvement in this case.

Please see my APD issued BWC for further.

On August 02, 2020 at approximately 1055 hours, I (OFC Enriquez) was dispatched to The Arc Thrift Store located on 16801 E Iliff Ave, City of Aurora, County of Arapahoe, State of Colorado, to assist other Officers with a traffic stop.

OFC Dasko (316545) aired via radio he was in contact with a stolen vehicle and currently had the vehicle at gunpoint. OFC Dasko aired CO Plate; [REDACTED] on a 2009 Blue Dodge Journey, had a stolen hit in NCIC/CCIC.

On my way to the call, I cleared the CO plate and it came back with the RO of the Blue Dodge Journey, but also had the following hit;

MKE/REPORTED STOLEN VEHICLE

LIC/[REDACTED] LIS/MT LIY/2019 LIT/MC

VIN/[REDACTED] VYR/2000

Once I discovered the stolen vehicle hit was a motorcycle with a Montana plate, I aired the information via radio to advised the Dispatcher and Officers on scene.

Once on scene, I observed several citizens recording Officers on scene, and making it known they dislike Aurora PD and what we stood for as a

department. I helped with controlling the crowd and tried to keep the peace, while the lead Officers were conducting their investigation.

Supervisors arrived on scene and contacted the RO of the vehicle.

I stood on scene until I was properly relieved by SGT Wells.

This was my full involvement with this investigation, for further details please refer to my body camera footage.

On August 2nd 2020, at approximately 1055 hrs I (Officer Kwon 314425) responded to the location of 16801 E Iliff Ave, in the City of Aurora, County of Arapahoe, State of Colorado, to assist officers with a high risk traffic stop on what was believed to be a stolen vehicle.

Upon arrival, I observed several bystanders gather, who began yelling at officers and recording the events. I assisted with keeping the peace between the bystanders and officers as well as blocking a portion of the parking lot.

I did not assist with detaining and or interviewing any persons involved in the incident. At approximately 1200 hrs I was relieved from the scene.

My department issued body camera was on and recording during my assist.

On 08/02/20 at approx 1055 hours I, commissioned Aurora Police Officer Hanson (314424) was dispatched to 16801 E ILIFF AVE @ARC THRIFT STORE when Officer Dasko called out over the police radio he had three at gun point in the City of Aurora, County of Arapahoe, and State of Colorado.

When I arrived on scene noticed three females and a small child in the prone position as per policy for high risk stops. Officer Moen was placing handcuffs on one female on my right as Officer Mason had her duty pistol at the ready assisting Officer Moen as per policy. Since Officer Mason was covering Officer Moen, I drew my Taser to provide less lethal coverage.

Once the second female was handcuffed I holstered my Taser then made the decision to pat down the third woman with the small child and not have her placed in handcuffs as a large crowd developed, was extremely agitated, and encroaching on our position.

I walked to speak to Officer Dasko about the incident he immediately informed me the vehicle license plate was a miss-read, I immediately turned and announced to the Officers near me to un-handcuff all parties.

Through out the encounter I asked repeatedly if all parties needed medical attention which they denied.

When I was holding the scene, I was advised by Sgt. Lopez to stay in the vicinity, but leave the immediate area, which I did until instructed to leave the scene completely.

My body camera was on for the incident.

Document NARRATIVE/REMARKS

Author 317745 - DREXEL, DEVIN JAMES

Related Date/Time AUG-02-2020 (SUN.)

On Sunday, August 02, 2020, at approximately 1055 hours, I, Officer Drexel (317745), was dispatched to a motor vehicle theft recovery located at, 16801 E Iliff Ave, City of Aurora, County of Arapahoe, State of Colorado.

When I arrived as the third unit on scene in my marked patrol vehicle. I observed a crowd of bystanders closing in slowly to the scene prior to exiting my patrol car. Most of the bystanders had their cellphones out recording Officers on scene.

When I exited my vehicle I observed five people prone out and I drew my taser for a less than lethal option due to Officer Mason had her duty weapon drawn in the ready position. There was a lot of yelling from the subjects on the ground and from the bystanders.

I made my approach to the four subjects who were prone out on the rear passenger side of the vehicle. I observed the individual who had been prone out in front of me did not appear to be a threat and holstered my taser. The individual in front of me appeared to be approximately less than [REDACTED] of age.

Officer Hansen who was to my right holstered his taser and conducted did a pat-down of the subjects on the passenger side of the vehicle.

I observed Officer Dasko, on the driver side of the vehicle, by himself assist, Brittney Gillian [REDACTED] off the ground to her feet and I assisted him in escorting her to the rear of his vehicle. I took and helped her safely enter the backseat of the patrol vehicle. I stayed with Brittney while Officer Dasko attempted to confirm the plates had been stolen. During that time Brittney kept yelling and scream at us. When she would ask a question for us to answer, she would shout over us when we attempted to speak to her.

Brittney had asked, by yelling at me, if her daughters had been handcuffed. I advised her that the youngest female who had been prone closest to her hadn't been handcuffed prior to Brittney being escorted to the patrol vehicle. She continued to yell and appeared to become more agitated anytime an officer would help with answering her question by speaking over them.

# AURORA POLICE DEPARTMENT

GO# 2020-26380  
NON CRIMINAL

## GENERAL OFFENSE HARDCOPY (SUSP ACTIVITY-TRAFFIC)

Follow Up Report # 11

Officer Dasko then advised Officer Hanson that the plates were clear and were not stolen. At that time all subjects who had handcuffs on had them removed and were no longer detained. Brittney walked back to her vehicle verbally upset at the Police by yelling.

I had held the scene by standing near my patrol vehicle. The bystanders made it known they dislike the Aurora PD by making anti-police statements. I overheard a bystander stat they were recording this incident live on their phone. I helped with controlling the crowd and tried to keep the peace.

When the scene had calmed down, Seargent Wells advised me to leave the scene and I followed his order.

This concluded my involvement in this case.

My body-worn camera was activated.

INVOLVED VEHICLE: 2009, BLUE, DODGE, JOURNEY, CO/LP #CNK737

TYPE OF INCIDENT: SUSPICIOUS CIRCUMSTANCES/TRAFFIC

STATUS OF CASE: OPEN - REFERRED TO APD IAU FOR FURTHER INQUIRY

SUPPLEMENTAL REPORT

On Sunday, August 2, 2020 at approximately 11:17 a.m. I (Commissioned Aurora Police Uniform Patrol Lieutenant John E. Tollakson #19116 / L30 of the District 3 Patrol Commander's Office) was in the D3 building when I heard radio traffic from "Cruiser 23" (Later identified as Sgt. E. Lopez) requesting the Watch Commander respond. As a part of my duties I monitor all three primary APD Dispatch (PSCD) radio channels and all three primary APD "TAC" channels in addition to making and receiving phone calls. I received a phone call from PSCD almost immediately asking me to respond to a scene.

The call notes indicated that this call was for a high-risk traffic stop for a stolen vehicle (Later determined not to be stolen) and that a crowd had formed and was recording and goading the officers. I responded to 16801 E. Iliff Av. (ARC Thrift Store) parking lot to assist. While I was responding

# AURORA POLICE DEPARTMENT

GO# 2020-26380  
NON CRIMINAL

## GENERAL OFFENSE HARDCOPY (SUSP ACTIVITY-TRAFFIC)

Follow Up Report # 12

I was reaching out to Sgt. Lopez to find out what was happening and to see if there was the ability to disengage/deescalate by having the concerned parties move away from the crowd. I was told that this would not work as the complainant wanted to have everything recorded.

I arrived at the scene in my marked watch commander vehicle and activated my APD issue Body Worn Camera (BWC). Officer Dasko came up to me and told me that he had made a contact on a vehicle that had been flagged as stolen by surveillance. That this same vehicle had been flagged earlier this week as well. He conducted a high risk stop and had removed persons from the vehicle with the assistance of other APD members. That these persons were detained/handcuffed with the exception of the [REDACTED]. That shortly after this he learned that the "hit" was inaccurate and returned to an out of state motorcycle with the same license plate number. They immediately unhandcuffed the persons but that the party that had been in the driver's seat did not want to talk to him.

I was directed to this person (She later verbally identified herself to me as: BRITTNEY GILLIAM [REDACTED])

E: [REDACTED] I located additional information within APD Versadex as I was composing the AIM complaint) who was pointed out to me as the driver of the vehicle (2009, BLUE, DODGE, JOURNEY, CO/LP [REDACTED]). I spoke briefly with a Male, Black, Adult, who told me he was her (Driver) father (I later learned that this party was a Ronald Wayne Gilliam [REDACTED] and he assisted me by calling over the driver to where we were able to get away from the crowd and speak.

I had introduced myself to this driver who told me her name was Brittney. I had pointed out that I had just arrived and did not know what all had happened. She then told me that she and some children (I don't recall if she said they were her children and I do not recall the specific ages but I believe two were teenagers and two were not with one being [REDACTED]) I later learned that the ages were [REDACTED] but I do not know their names as I have not received the email from B. Gilliam yet). They were stopped in the parking lot and she became aware of police behind her car (She was in the driver's seat, but the car was parked/stopped) with guns out. That she did not know what was going on and asked what was going on while the officers were giving orders but did not get an answer. That she and the children complied and were ordered out of the car and handcuffed. That this was her sister's car she had and that it had been stolen earlier in the year but was not stolen presently. That she was upset that police pointed guns at them and specifically the children and that they were handcuffed.

I am not sure of the exact sequence of events, but she did mention that she worked for the Denver County Sheriff's Office. I asked if she was a Deputy and she told me she was a Security Specialist and that she was applying to be a Deputy. I had made mention that depending on her training it would explain some of what happened (It is not uncommon for persons in stolen cars to be armed and it was also not uncommon for suspects to be teenagers

# AURORA POLICE DEPARTMENT

GO# 2020-26380  
NON CRIMINAL

## GENERAL OFFENSE HARDCOPY (SUSP ACTIVITY-TRAFFIC)

Follow Up Report # 12

to include females) as she had stated to the effect that teenage females were not stealing cars. She had also made a somewhat unusual comment to the effect of she knew "black people did things" (I am unsure of the actual quote, but it should be available on my BWC footage).

I attempted to explain what I believed happened in this incident regarding the reason for the stop. That the car listed as being stolen and she had made mention that it had been stolen earlier in the year, but she did not recall specifically when. I had surmised that there was a possibility that it was not removed from the system and that it still showed as stolen (I made no accusations but did state that something failed in this instance regarding the information on the car). I would note that I did not have any time to research this matter as I wanted to get to the scene to try and get this matter resolved and defused so I did not know what had actually happened other than the car was believed to be stolen from the Fonix hit and was determined to not be stolen.

I also agreed with her being upset about this instance (I would have been upset too) and apologized to her for this incident/inconvenience. I asked if she wanted to pursue a complaint to which she told me she would like to do so. I then obtained her name and basic information for the complaint. I had provided my business card with the case number and we discussed her sending me an email so she could outline everything in her own words (I had already covered the different methods to make a complaint and this is the one she selected where I would take her complaint now with her email to me providing further information on her complaint).

At one point she said something to the effect of what are they doing to the kids and she walked away from me and toward the car where there were several people. As there were still several persons in this area that I did not wish to "ramp up" further. I went to the party that had identified himself as her father and he assisted me again with getting Brittney to come away from the crowd so we could speak further.

At the conclusion of our conversation where we were discussing her email to me, I had asked for as much detail as she could provide to include names/ ages of the children. I would have preferred to speak with her further to obtain this information on scene, but I also wanted to reduce the risks of something going wrong with the crowd and having a larger incident where persons could be hurt or worse. I then walked with her back to the car and asked if she had any questions of me about this matter to which she said she did not. We shook hands at the conclusion of our time together. I would also note that while she was visibly upset, she and I spoke with each other civilly and in conversational tones. I also spoke briefly with B. Gilliam's father to see if he had any questions for me, which he did not.

I then had all the APD unit clear this scene so things in the area would return to a more normal state and to reduce the chances of additional confrontations.

# AURORA POLICE DEPARTMENT

GO# 2020-26380  
NON CRIMINAL

## GENERAL OFFENSE HARDCOPY (SUSP ACTIVITY-TRAFFIC)

Follow Up Report # 12

I received a picture of the Fonix hit which showed the car in question and the license plate. I will be adding this picture to the complaint. I was able to get the basic information for her complaint to be entered into the APD AIM system that is used to document complaints.

I was equipped with an APD issue Body Worn Camera (BWC) and had it activated for this incident.

This report is not intended to be a transcript of my observations and actions but rather to be a synopsis of events that I was aware of. For the most accurate timelines of events, please refer to my BWC recordings. For further information please refer to the other reports authored by responding APD members.

On Monday, August 03, 2020 around noon I was advised that two (2) internal APD codes were not entered into the call notes for this incident. These codes are used so certain types of force can be searched within the system. I went to PSCD and they were able to assist me in getting back into the call notes under #P200243328 (Which became APD Case #2020-26380). I then entered the codes TZG and TZH into the call notes. These codes indicate that a firearm was pointed at one or more persons and that one or more persons had been handcuffed respectively. As of 4:35 p.m. I have not received an email from B. Gilliam. When I receive her email, I will ensure that it is forwarded/included in this overall complaint.

I will be completing the initial complaint in the APD AIM system and routing it to the APD Internal Affairs Unit for further inquiry into this matter.

Currently, I do not have any other information reference this matter. In the event more information becomes available to me I will document this new information on additional supplemental reports.

NFAT.
