

EXHIBIT B

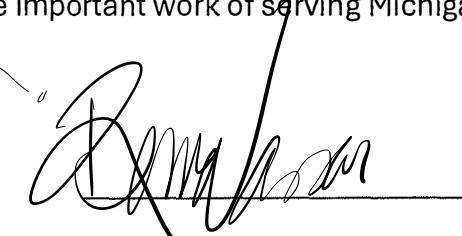

While I maintain my rights to advocate for students and engage in robust debate on matters of institutional governance, I understand that the manner in which advocacy occurs matters, and I reaffirm my commitment to conducting board-related activities in ways that respect all members of the university community.

I remain committed to supporting students who seek to exercise their voices on campus while also acknowledging the complexities that arise when student advocacy intersects with faculty governance and board dynamics.

I did not intend to cause Dr. Lipton personal or professional harm and appreciate and respect Dr. Lipton's advocacy on behalf of MSU's faculty.

Moving forward, I hope all parties can focus on the important work of serving Michigan State University and its diverse community.

Date: January 14, 2026

A handwritten signature in black ink, appearing to read "Rema Vassar". The signature is fluid and cursive, with a long horizontal line extending from the end of the signature.

Rema Vassar

Trustee, Michigan State University
