IN THE DISTRICT COURT OF

348TH JUDICIAL DISTRICT

TARRANT COUNTY, TEXAS

ORDER DIRECTING REMOVAL OF CONFIDENTIAL INFORMATION

The Court, having considered Plaintiff CTC Property LLC’s (“CTC”) Emergency Motion for Order to Show Cause, Defendant Aleksandr Shulgin’s (“Mr. Shulgin” or “Defendant”) failure to appear or otherwise respond, and all supporting evidence, declarations, and exhibits, makes the following findings:

1. On August 15, 2025, this Court entered a Temporary Injunction Order enjoining Mr. Shulgin from using, uploading, disclosing, or transferring CTC Confidential Information—defined as photographs or videos of, or other information describing, the construction or design of any of CTC’s artificial-intelligence data facilities—and ordering him to submit his devices for forensic imaging.

2. On November 11, 2025, this Court entered a Supplemental Temporary Injunction Order requiring Mr. Shulgin to produce all devices to CTC’s forensic expert, Charles River Associates, for inspection and deletion of CTC Confidential Information, submit hard drives containing forensic images, and verify in writing that he possessed no other CTC Confidential Information.

3. On December 5, 2025, this Court entered an Order to Comply ordering Mr. Shulgin, among other things, to verify in writing that he had no other CTC confidential information on any

other Device in his possession, custody, or control other than those presented to Charles River Associates.

4. On December 5, 2025, Mr. Shulgin submitted a written verification under penalty of perjury that he possessed no additional CTC Confidential Information on any device in his possession, custody, or control other than those produced to Charles River Associates.

5. In its motion, Plaintiff asserts and provided some evidence in support that, on May 4, 2026, despite the foregoing orders and sworn declaration, Mr. Shulgin posted photographs containing CTC Confidential Information to his Google Maps account, in violation of this Court's Temporary Injunction Order, Supplemental Temporary Injunction Order, and Order to Comply.

6. The Court finds that CTC will suffer ongoing, irreparable harm as long as CTC Confidential Information remains publicly accessible on the internet, as such disclosure deprives CTC of a competitive advantage regarding the construction of its artificial-intelligence data facilities, for which no adequate remedy at law exists.

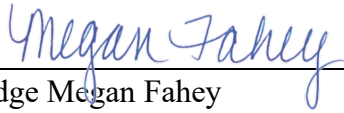

Based on the foregoing findings, **IT IS ORDERED** that any and all photographs, videos, or other CTC Confidential Information¹ posted by or at the direction of Defendant to Google Maps, or to any other publicly accessible internet platform, shall be removed. Plaintiff CTC Property LLC is authorized to serve a certified copy of this Order on Google LLC and/or any other internet service provider or platform hosting CTC Confidential Information posted by or at the direction of Defendant, and such entities shall comply with this Order. Google LLC, its subsidiaries and affiliates, and any other person or entity with notice of this Order who is in possession of, or has the ability to remove, the CTC Confidential Information identified herein, are directed to remove

¹ As defined in this Court's August 15, 2025 Temporary Injunction Order, "CTC Confidential Information" means photographs or videos of, or other information describing, the construction or design of any of CTCs artificial-intelligence data facilities

such materials upon service of this Order and identification of the specific content by Plaintiff within 72 hours of service of this Order. Plaintiff may identify the specific materials to be removed by providing the relevant URLs, Google Maps listing identifiers, or other reasonable description of the content in a declaration or exhibit served alongside this Order.

It is so ordered.

Signed: May 19, 2026.

Judge Megan Fahey
